

# G. Harshith Kumar

Hyderabad, Telangana, India ✉ [Harshith.gannavarapu23@gmail.com](mailto:Harshith.gannavarapu23@gmail.com) ☎ 9908895770 🌐 <https://www.linkedin.com/in/harshith-kumar-307a96252>  
💻 <https://github.com/Harshithb2> 🗄 <https://harshithb2r.github.io/Harshith-Portfolio/>

## SUMMARY

Highly motivated and enthusiastic individual with a strong passion for full-stack development and data analysis. Skilled in utilizing latest technologies such as the MERN stack, React Native, Power Bi and Python for data analysis with machine learning capabilities. Eager to contribute expertise to dynamic projects while remaining committed to continuous learning and professional growth.

## EXPERIENCE

### Power Bi Developer

B2B Software technologies Ltd

Mar 2025, Internship

- Developed reports using Power-Bi with real-time data, leveraging Power Query and DAX for data analysis.
- Worked with SQL and integrated data from Business Central for reporting.
- Learnt about Managed access, published reports, and collaborated on live business projects.

## PROJECTS

### Hospital Emergency Dashboard Using Power Bi

<https://github.com/Harshithb2r/Hospital-dashboard-power-Bi.git>

• Feb 2025 - Mar 2025

- Developed an interactive Power Bi dashboard to analyze hospital emergency data. Used SQL database for real-time data extraction and Power Queries for data transformation.
- Applied DAX to create advanced measures and optimize data visualization.

### Movie Recommendation System Using React-Native

[https://github.com/Harshithb2r/Movie\\_Recommendation\\_System\\_App.git/](https://github.com/Harshithb2r/Movie_Recommendation_System_App.git/)

• Jan 2024 - Apr 2024

- Developed a cross-platform mobile application using React-Native to provide personalized movie recommendations.
- Implemented a recommendation algorithm using data analysis techniques with Python. I used to vectorization to provide the output of movie recommendation.

### HarshithEstate Using MERN Stack

<https://mern-estate-ze7n.onrender.com/>

• Jan 2024 - Feb 2024

- I developed a full-stack real estate website using the MERN stack (MongoDB, Express.js, React.js, Node.js) along with Tailwind CSS for styling and Redux.
- The website includes advanced features such as Google authentication for users and a direct mail function to contact property owners directly.

## EDUCATION

### Bachelor of Technology

Malla Reddy University • Hyderabad • 2025 • **8.49**

### Intermediate

Sri Chaitanya • Hyderabad • 2021 • **8.82**

### High School

Narayana • Hyderabad • 2019 • **9.5**

## CERTIFICATIONS

### NPTEL online Certification in Data Analytics with Python

Swayam NPTEL IIT Roorkee • 2024

### NPTEL online Certification in JAVA

Swayam NPTEL IIT Kharagpur • 2023

## SKILLS

**Industrial Knowledge:** Data Analysis, Data Visualization, Machine learning, Application Development, Full – Stack Development.

**Tools & Technologies:** MERN Stack, Power Bi, Tableau, Version Control, Python, Java, React-Native, DBMS, SQL.
